General Comment

I do not need or want the government to tell me or take over my retirement plan(s). I contend that it is an unalienable right to manage my retirement monies as I see fit. It is a personal private process and in no way do I need the governments help or involvement.

Please do not allow this to be written into law. We, the people, already have enough of the government pushing their way into areas of our private life where they are not wanted.
